VIKINGMARINES.COM

Our Mission

We provide a full range of specialized services

To all our clients' vessels from our base offices in UAE, Singapore, Gibraltar, Cyprus, Republica de Panama and USA.

Bunker and Cargo Quantity Surveys

Our experienced surveyors offer impartial, independent quantity measurement inspection services for marine fuels and issue detailed reports to confirm fuel quantity and quality. These reports help clients support bunker shortage and or quality disputes.

Technical Surveys

Our experienced surveyors offer impartial, independent quantity measurement inspection services for marine fuels and issue detailed reports to confirm fuel quantity and quality. These reports help clients support bunker shortage and or quality disputes.

Commercial Vessel Management

Viking Cyprus manages tankers (MR and Panamax) and has the resource and expertise of handling Chemical carriers and Bulk Carriers. We also manage the entire condition surveys for various clients twice a year for 40 vessels.

Bunker Technical and Claims division

We can be the dedicated desk handling your bunker technical matters globally as and when needed 24/7 support service is provided to respective buyers/sellers/traders in the event of an issue such as Compatibility issues, Wrong grade of product, Sampling of product, Investigation onboard vessels, Clarification on sales terms, Clarification on product quality, Type of testing needed i.e. full test, fingerprint parameters, complex test outside ISO 8217.

Agency Service - UAE

A key factor deciding the ability of an agency is protecting Owners/Charters/Managers interest in whatever way possible.

The entire scope of agency (husbandry and cargo services, logistics and warehousing) are being catered to our clients and the department is well equipped with various specialist operators with both sailing and shore experience along with complete in-house logistics support.

VIKINGMARINES.COM
